GENERAL INFORMATION

You will note from this list that we are mainly interested in good cut flower varieties. Each year we test new ones but only about one out of ten show promise of replacing those we have been growing, consequently these new varieties are used as extras or sold at greatly reduced prices.

We do exhibit at several of the leading shows each year and manage to take many ribbons.

ORDERING . Use the enclosed order form. By giving us the information requested it helps us to fill your order properly.

PRICES. We do not solicit orders under \$2.00. All orders for \$5.00 or over will be shipped prepaid. We are more generous with extras on CASH orders. No C.O.D. orders will be accepted unless accompanied with at least a 25% deposit. (Minimum deposit \$1.00). 6 bulbs at dozen rate.

BULB SIZES. Large size (L) 1-3/4" and over.  
Medium size (M) 3/4" - 1-3/4"  
Small size (S) 3/4" and under

Large and medium size bulbs will bloom the first year planted as will small bulbs of some varieties. Bulblets usually require two years of good growing conditions to produce flowering size bulbs.

SHIPMENTS. We usually start shipping soon after March 1st, depending upon weather conditions. Express shipments are safest so be sure and note your express office on the order blank. Due to the high express rates we will ship by parcel post whenever possible.

OUR GUARANTEE. We guarantee our bulbs to be free of disease and true to name. Open and examine shipments immediately upon arrival. If unsatisfactory notify us at once. Due to conditions beyond our control we cannot guarantee growth or production. At no time will we be responsible for more than the original cost of bulbs.

COLOR CLASSIFICATION. The number directly under the variety name indicates the color class that the variety should be entered in at all major shows. The first numeral in the classification number also indicates the approximate size of the individual florets.

UPON RECEIPT of bulbs open package to admit air and store in a cool, dry place until planting time.

CAUTION. Bulbs are treated with D.D.T. dust.

GLADIOLUS CULTURE. Complete instructions for planting, growing and storage of bulbs will be included with each order.
